

Community Affairs Policy Statement

The keynote of Aluminium Gold Engineering Limited, Community Affairs Policy, is the emphasis on management's responsibility for good community relationship of all persons involved in our operations, and any member of the public that maybe affected and a minimum negative effect of the impact on the environment in which our operations are carried out.

This policy for implementation of our Operations has put in place all the necessary procedures and activities aimed at achieving a satisfactory management of the Community Affairs Policy issues.

By this Community Affairs Policy plan, performance can actually be measured, facilitating the future identification of areas that may require improvement.

Aluminium Gold Engineering Community Affairs Policy objectives and Plan.

- Introducing ourselves first of all to any community we operate in
- Let the community know any benefits they may derive from our operations there
- Employment of qualified and semi-qualified youths of the community
